# Easy-to-use

Whether you are in front of the thermostat or using the remote app, adjusting the temperature couldn't be simpler. Press the up or down arrows on the thermostat or slide the circles on the app.

The 3.5" touchscreen offers a choice of 5 preset color themes to blend in with any decor.
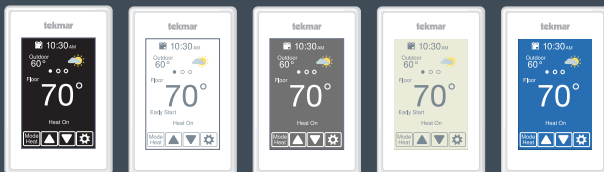

Better Design. Better Control. Better Systems.

Choose your zoning solution from the control industry leaders with over 30 years of expertise. Ask your contractor for tekmar WiFi Thermostats and look forward to comfort, convenience and energy efficiency for years to come.

tekmar WiFi Thermostats

Get the access and comfort features you want with these easy-to-use touchscreen thermostats from tekmar. Complement your decor with a low profile and one of five display color themes. Enjoy the convenience of adjusting settings through a mobile app from anywhere.

GET *CONNECTED*

Use the tekmar *Connect* mobile app to adjust temperature and schedule settings from anywhere. One account can control multiple thermostats and snow melting controls in more than one location.

GET COMFORTABLE

tekmar WiFi thermostats go beyond popular scheduling and app features. For radiant systems an optional floor sensor makes it possible to control the floor temperature for superior comfort.
