

## Digital Pocket-sized NSF Thermometer offers Precision Measurements

### Functions

- Temperature range: -58° to 572°F (-50° to 300°C)

### Features

- Protective boot
- Magnetic mount
- Water resistant
- Min/Max
- Data hold
- Auto power off
- 3-Year limited warranty

### Includes

- Battery (AB13)

### Applications

Measure ambient temperatures  
Measure liquid temperatures

### Specifications

<b>Temperature Range:</b>	-58° to 572°F
<b>Accuracy:</b>	±1.8°F in the range -22°F to 302°F otherwise ±4°F
<b>Resolution:</b>	±0.1°F for -19.048° to 199.9°F otherwise ±1°F from 200°F to 300°F
<b>Update Rate:</b>	Approximately 1 second
<b>Certification:</b>	CE and NSF listed
<b>Battery:</b>	AB13, (SR44W)
<b>Warranty:</b>	Three year limited
