Smart thermostats that deliver
connected comfort and control

Models: EB-STATE6ICR-01
EB-STATE3LTICR-01

ecobee for Carrier ecobee3 lite SMART THERMOSTAT

A stylish and savvy choice when adding a smart thermostat to your home.

ecobee3 lite delivers
connected comfort,
control and savings

InteliSense Technology

Pair your smart thermostat with InteliSense-enabled Performance™ Series equipment, opt-in to data sharing, and enjoy the benefits of connected comfort. InteliSense technology gives your dealer the ability to:

- Remotely view the operational health of your system
- Use digital tools to provide more efficient customer service and remotely troubleshoot your system

Smart, easy and energy saving

The ecobee3 lite tailors itself to your schedule, your personal comfort preferences and the weather outside. It can also show how much money you've saved each month and give you insight into your heating and cooling equipment.

Compatible with your smart home

Works seamlessly with third-party smart home platforms such as Apple® HomeKit™, Amazon® Alexa®, Google® Assistant™, Samsung® SmartThings® and IFTTT®.¹

Controllable from anywhere

Access your system from anywhere with your Apple® or Android® devices.¹

Greater peace of mind

Five-year limited warranty when purchased through and installed by a Carrier dealer² and ENERGY STAR® qualified for local utility company rebates (where available).

Upgradeable

Pair your ecobee3 lite with SmartSensors (sold separately) around your home for greater occupancy monitoring and room-specific temperature adjustments.

Additional energy savings with eco+

Optional upgrade, works in the background to deliver additional energy savings and efficiency.

ecobee for Carrier SMART THERMOSTAT PREMIUM

Gives you all the features of the ecobee3 lite, but with these additional benefits:

Air quality alerts

Built-in air quality monitor that alerts you when air quality is poor and can send reminders when it's time to change the furnace's air filter.

Voice control

Unlock accessibility by using your favorite voice assistant with commands to change temperature settings, check the weather, hear the news, make a phone call, play music and more.

Included SmartSensor

Pair your included SmartSensor and enhance the comfort experience. Place the SmartSensor in another room so the thermostat can more accurately learn your family's occupancy habits and automatically adjust to keep your favorite areas the right temperature. Add up to 31 additional sensors (*sold separately*).

Brilliant at savings and comfort

Saves you up to 26%³ on heating and cooling costs by changing your home's temperature based on your routine and who's home.

Premium look and ease-of-use

Designed with premium materials and advanced engineering. Features thicker glass, intuitive usability, large screen, metal body, and our most advanced sensors ever.

Stream music

Play music through a Bluetooth® speaker using Spotify® Connect.¹

Greater peace of mind

Five-year-limited warranty when purchased through and installed by a Carrier dealer² and ENERGY STAR® qualified for local utility company rebates (*where available*).

¹ When connected to the Internet through a Wi-Fi® network.

² See warranty certificate at Carrier.com for complete details and restrictions.

³ When compared to a hold of 72° F/22° C

An advanced thermostat
with IntelliSense technology
and SmartSensor.

GAIN MORE CONTROL WITH A COMPLETE HOME COMFORT SYSTEM

Enjoy the benefits of a true connected comfort experience when you pair your new thermostat with IntelliSense-enabled Performance Series indoor and outdoor units.

A complete IntelliSense system means technicians can gather system settings and equipment data to monitor performance and help protect your investment. It also allows for quicker and more efficient service when you need it.

With highly advanced communication at its core, pair an ecobee for Carrier smart thermostat, with a complete home comfort system to give you total control over your home's comfort, temperature and humidity.

Air Conditioner or Heat Pump

Provides efficient cooling or cooling/heating for comfort and potential energy savings.

Gas Furnace

Provides high-efficiency heating for comfort and potential energy savings.

Fan Coil

Works with your outdoor heat pump to convert heating and cooling energy and deliver more comfortable air to your home.

Evaporator Coil

Matches to the proper outdoor unit to provide more cooling efficiency and years of reliable service.

Humidifier¹

Adds moisture to the air, helping keep static and dry skin at bay.

Dehumidifier¹

Pulls excess moisture from the air helping you feel more comfortable.

¹ Accessory products only can be used with ecobee for Carrier Smart Thermostat Premium.
