Heat Pumps & Air Handlers

R454B

UP TO
18 SEER2
.5
UP TO 8.5 HSPF2

OUR PROMISE

When you choose WeatherMaker by Carrier products, you'll quickly see why they're a smart, practical choice—affordable and built to perform.

PEACE OF MIND

The Well-Built Warranty.

Every heat pump and air handler we build is covered with a 10-year parts limited warranty to the original owner of the properly registered product.*

Run-tested and right for you.

Because we only feel comfortable providing you with long-lasting comfort and efficiency, only products that complete our testing with a 100% success rate make it out of the factory.

WHAT IS SEER2 and HSPF2?

Like a car's mpg, SEER2 (Seasonal Energy Efficiency Ratio) is the measure of cooling efficiency for a heat pump. It tells you how much heat is removed from your home in relation to how many watts per hour it takes to reach your set comfort level. HSPF2 (Heating Seasonal Performance Factor) is the measure of heating efficiency. The higher the number the better, because when you waste energy you waste money.

R454B

These heat pumps use
EPA-approved refrigerant.

- 1 Durable fan motor** - Providing year after year of smooth-running operation in extreme temps, our fan motor ensures reliable comfort.
- 2 Effortless heat or cool** - The reliable reversing valve easily switches functions from heating to cooling and back again, as the temperature demands.
- 3 Good looks** - The corrosion-resistant, painted exterior finish will stay looking good now, and for years to come.
- 4 Reliable R-454B compressor** - You want the most important part of the entire unit to stay running strong, right? With built-in protective features, our compressor operates quietly and reliably season after season.
- 5 Smooth and quiet** - Rubberized isolation pads create a buffer between the base pan and the compressor to absorb vibrations and minimize noise.

* Warranty period is five years if not registered within 90 days. Jurisdictions where warranty restrictions are not allowed will automatically receive a 10-year parts limited warranty. See warranty certificate for complete details, terms and exclusions.

HEAT PUMPS

PH8TAN5

UP TO
18.5^{SEER2}
UP TO 8.5 HSPF2

- ENERGY STAR®
- Two-stage compressor
- R-454B refrigerant
- Deluxe dense grille

PH5SAN5

UP TO
16.5^{SEER2}
UP TO 8.1 HSPF2

- ENERGY STAR®
- Single-stage scroll compressor
- R-454B refrigerant
- Deluxe dense grille

INDOOR AIR HANDLER

PF5T

- Multi-poise
- Two-stage
- High-efficiency, variable-speed ECM motor, TXV
- R-454B refrigerant

PF5M

- Multi-poise
- Single-stage
- High-efficiency, ECM motor
- R-454B refrigerant

FMA5L, FMA5X

- Upflow wall mount units
- Standard efficiency PSC motor, TXV - FMA5L
- High-efficiency, 5-speed ECM, TXV - FMA5X
- Field installed and factory installed options available
- R-454B refrigerant

FMC(U)5X, FMC(U)5S FMC(U)5Z

- Horizontal ceiling mount units
- FMC(U)5X - Standard depth, standard efficiency PSC motor, TXV
- FMC(U)5S - Smaller depth, standard efficiency ECM motor, TXV
- FMC(U)5Z - Standard depth, high efficiency ECM motor, TXV

An important part to complete your new heat pump system is the indoor air handler. Our air handlers provide exceptional heat transfer for heating and cooling effectiveness and efficiency.

WEATHERMAKER BY CARRIER. BECAUSE COMFORT ISN'T COMPLICATED.

WeatherMaker delivers practical, affordable HVAC systems for those who prefer comfort without complexity. Because the bottom line is, you need cost-effective heating and cooling solutions that keep your family comfortable year-round. Homeowners who choose WeatherMaker are delighted with their decision because it's a sensible choice that delivers strong value at purchase, reliable performance, and added peace of mind through product warranty coverage.
