

Heating & Cooling Systems

Evolution™ Connex™ System Control

Models SYSTXBBWEC01-C,
SYSTXBBECC01-C

Complete COMFORT CONTROL AND ENERGY SAVINGS

Precise comfort

When part of a complete Evolution System with variable-speed technology, the control makes subtle adjustments for precise temperature and humidity control.

Easy to use

Intuitive on-screen prompts and quick-read icons put you in total control.

Maximizes efficiency

Optimize your savings by smoothly and efficiently bringing comfort levels to programmed settings. Occupancy sensing* automatically sets the system to its highest efficiency when you're away.

Hands-free operation

Works with Amazon® Alexa® for home automation when you add it as an Alexa skill.

Maintenance reminders

On-screen reminders tell you when it's time to change filters, humidifier pads, UV lights or schedule system checkups.

Controllable from anywhere

Access your system from anywhere by using the Bryant SmartHome app on your iOS® or Android® devices,¹ or visit our consumer portal at www.my.bryant.com.

Set the comfort of multiple areas

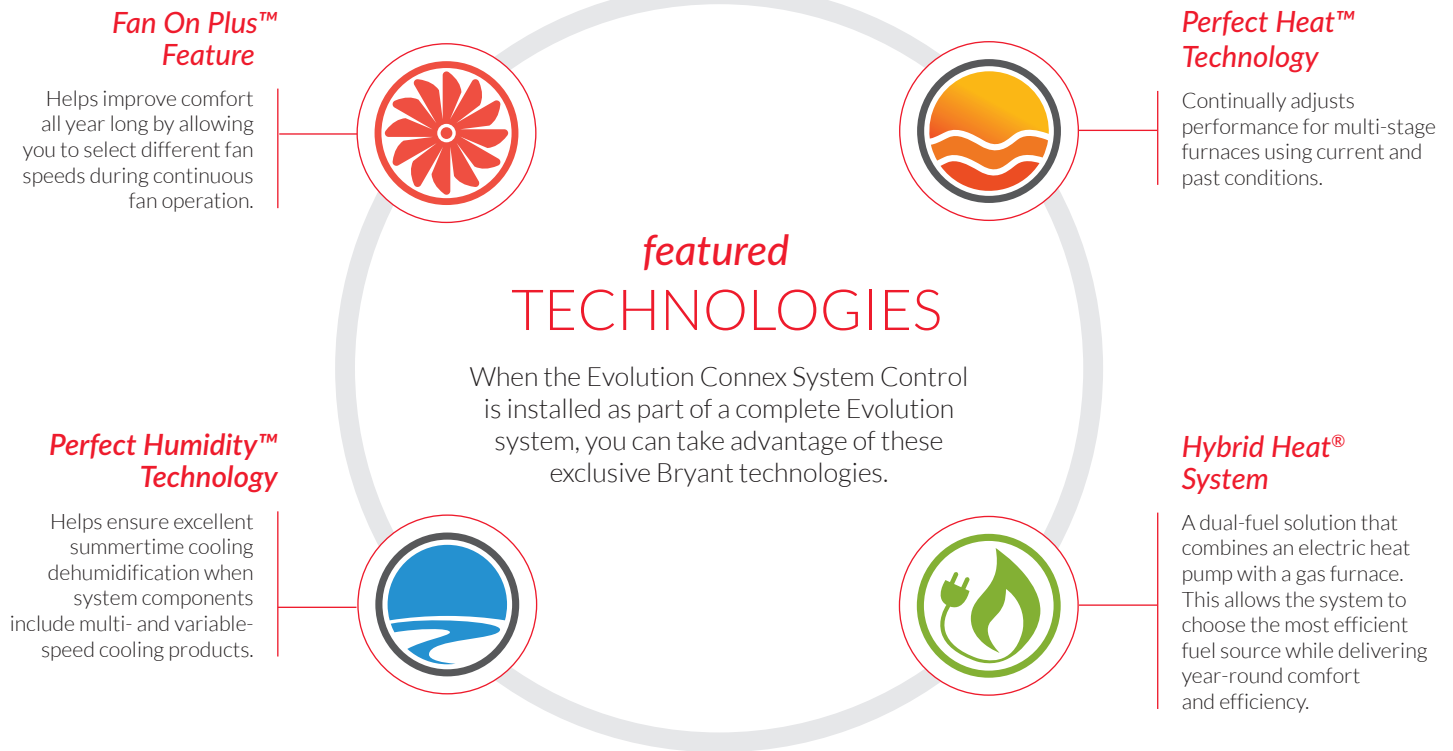

Control up to eight zones with optional sensors.¹

Greater peace of mind

Ten-year-limited warranty if registered within 90 days of installation.²

Exceptional control **WHATEVER**
the technology.

EVOLUTION
CONNEX
SYSTEM CONTROL

Gain more control with a complete EVOLUTION SYSTEM

With highly advanced communication at its core, a complete Evolution system gives you total control over your home's temperature, humidity, ventilation, air quality and zoning.

EVOLUTION CONNEX SYSTEM CONTROL

Capable of managing a complete home comfort system including humidity, ventilation and zoning.¹

EVOLUTION AIR CONDITIONER OR HEAT PUMP

High-efficiency cooling power delivering whole-home comfort and energy savings.

EVOLUTION GAS FURNACE

Provides high-efficiency heating for comfort and potential energy savings.

FAN COIL

Works with your outdoor heat pump to convert heating and cooling energy and deliver more comfortable air to your home.

HUMIDIFIER

Alleviates dry air by adding moisture.

EVOLUTION AIR PURIFIER

Uses Captures & Kills® technology to inactivate 99% of select airborne pathogens trapped by the filter, including coronavirus, bacteria and other pathogens.³

EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

* Select models only.

¹ When connected to the Internet through a Wi-Fi® network.

² To the original owner, when product is used in an owner-occupied residence, a 10-year parts limited warranty upon timely registration of your new equipment. Warranty period is five years if not registered within 90 days except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate for complete details.

³ The Evolution air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Evolution air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows >99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Evolution filter to be inactivated at 99%. Learn how it works at Bryant.com/purifier.
