NEW PRODUCT BULLETIN

PROPANEL

PRODUCT OVERVIEW & BENEFITS

The new AquaHeat ProPanel radiant heat panels for dry above systems are available for 3/8" and 1/2" pex tubing. ProPanel is available in 24" x 24" with aluminum coating on the bottom of the panels to reflect the heat upwards and the cold down. The panels come in two configurations, straight and turning or what we call the Ultimate panel as it allows turning in any direction without any routing needed. The pipe grooves are specially manufactured on 8" centers so that the pex tubing snaps into the grooves and stays without needing silicone to hold the tubing in place. ProPanel is approved for indoor use manufactured with MDF composite board and is water resistant.

PART	DESCRIPTION	QTY	PRICE
82434	ProPanel 24"x24"x3/4" board for 1/2" Pipe Straight Run	1	\$31.00
92434	ProPanel 24"x24"x3/4" board for 1/2" Pipe Ultimate Board	1	\$48.00
