Extended Warranties Offer Greater Peace of Mind and Security...

A customer's peace of mind is very important, which is why we've teamed-up with one of the leading extended warranty providers in the industry to offer Extended Warranties on Peerless® brand products. Available via the installing contractor, Extended Warranties can be purchased for equipment, parts and labor and parts only, for both residential and commercial products. The ESA (Extended Service Agreement) is offered through a third-party administrator licensed in all required states and backed by multiple "A" rated insurance carriers. Protect your investment today!
