FERNOX PROTECTORS/INHIBITORS

PROTECTOR F1

Market-leading, proven formulation. Prevents corrosion, sludge and scale. Only one bottle needed to treat domestic systems up to 34 US Gallons.

Size: 1 pint (500ml)
Code: 57880

PROTECTOR F1 EXPRESS

Inhibits against corrosion, sludge and scale. Doses in 30 sec, no need to drain down the system. Ideal for servicing and maintenance work.

Size: 13 fl oz (400ml)
Code: 62673

PROTECTOR+ FILTER FLUID F9 EXPRESS

Unique inhibitor package with dispersant lifts and delivers debris in the system to the filter while protecting against future corrosion and scale.

Size: 13 fl oz (400ml)
Code: 62712

EXPRESS BOILER COMMISSIONING KIT

Handy pack contains:

- 1 x Protector F1 13 fl oz
- 1 x Cleaner F3 13 fl oz
- pH strips x 4
- Express Inhibitor Test strips x 2

Code: 62089

BOILER COMMISSIONING KIT

Handy pack contains:

- 1 x Protector F1 1 pint
- 1 x Cleaner F3 1 pint
- pH strips x 4
- Express Inhibitor Test strips x 2

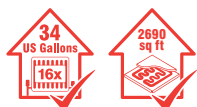

Code: 59480

FERNOX CLEANERS

CLEANER F3

Universal cleaner, removes sludge, flux and debris. Ideal for new and existing hydronic heating systems. Only one bottle needed to treat domestic systems up to 34 US Gallons.

Size: 1 Pint (500ml)
Code: 57882

CLEANER F3 EXPRESS

Universal cleaner, removes sludge, flux and debris for new and existing systems. Doses in 30 sec, no need to drain down the system. Ideal for servicing and maintenance work.

Size: 13 fl oz (400ml)
Code: 62675

DS40 DESCALER & CLEANER

Powerful descaler and cleaner for DHW and hydronic central heating systems – includes 1 pint (500ml) liquid Neutralizer.

Size: 4.4lbs (2kg)
Code: 62478

HYDRONIC DESCALING KIT

Handy pack contains:

- 1 x Submersible Pump
- 1 x DS40 Descaler & Cleaner
- 2 x 4' Hoses with GHT fittings

Code: 62734

DS-10 DRYSIDE CLEANER

Proven dryside cleaner ideal for stainless steel, copper and cast iron heat exchangers to help restore and optimize heat transfer efficiency.

Size: 15.4lbs (7kg)
Code: 61029

FERNOX SILENCERS & LEAK SEALERS

BOILER NOISE SILENCER F2 EXPRESS

Reduces boiler noise and improves heat transfer efficiency. Doses in 30 sec, no need to drain down the system.

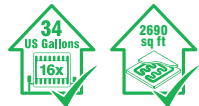

Size: 13 fl oz (400ml)
Code: 62674

LEAK SEALER F4

Proven, internal leak sealer to seal small leaks and weeps to resolve pressure loss issues in sealed systems. Only one bottle needed to treat domestic systems up to 34 US Gallons.

Size: 1 pint (500ml)
Code: 57883

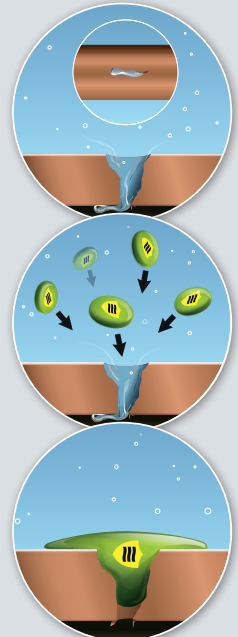

LEAK SEALER F4 EXPRESS

Proven internal leak sealer to seal small leaks and weeps to resolve pressure loss issues in sealed systems. Doses in 30 sec, no need to drain down the system.

Size: 13 fl oz (400ml)
Code: 62676

HOW THE LEAK SEALER WORKS

The sealer penetrates into the installation with micro-leaks, binds, polymerizes and seals the leakage points.

FERNOX TEST KITS

Tests 25 systems

EXPRESS INHIBITOR TEST

Simple to use dip test to provide rapid on-site analysis of the concentration levels of all Fernox Protectors and other molybdate based inhibitors. Supported by the Fernox Water Test App. Allows compliance with local regulations.

Size: 25 Strips
Code: 63630

T3 TEST KIT

The T3 test kit is a convenient, easy to use method to test your water quality at the job site. Dedicated dip test strips determine Fernox Protector F1 concentration levels, pH, and total hardness (grains per gallon) in the system water. Instant testing for major parameters affecting water quality. Simple color charts for measuring concentrations. Suitable for use with all hydronic heating systems. Each vial contains 25 individual test strips

T3 Test Kit 25 Strips/vial	Code: 63600
pH Test Strips	Code: 63610
Total Hardness Test Strips	Code: 63620
Express Inhibitor Test Strips	Code: 63630

DIAGNOSTIC WATER TEST

The Diagnostic Water Test kit is a convenient, easy to use method to test your water quality with certified third party laboratory results. The boxed kit contains two sample vials, one for a system fluid sample and the second intended for a sample of the onsite water source. The filled vials are sent via UPS at no additional charge by utilizing the QR code inside the box. Results are emailed to the sender within five business days.

Code: 62499

TOTAL DISSOLVED SOLIDS METER (TDS)

Accurate on-site assessment of effective system flushing to compare system water to tap/city water.

Code: 57875

REFRACTOMETER

Simple on-site test to determine antifreeze concentration level.

Code: 55586

FERNOX TF1 FILTERS

TF1 SIGMA FILTER

Sealed, high performance in-line system filter made from precision engineered composite polymer to collect magnetic and non-magnetic debris.

Size: 1" Press Fit
Code: 62594

TF1 OMEGA FILTER

Sealed, high performance nickel plated brass, in-line system filter to collect magnetic and non-magnetic debris.

Size: 1" NPT
Code: 62294

TF1 TOTAL FILTER

Lidded design hydrocyclonic and magnetic filter. Collects and removes magnetic and non-magnetic particles.

Size: 1" NPT with Valves
Code: 60003

TF1 OMEGA+ FILTER

Sealed, nickel plated brass in-line system filter suitable for larger, light commercial central heating systems. Easy to install – fits on horizontal and vertical pipework orientation.

Size: 1 1/4" NPT
Code: 62373
Size: 1 1/2" NPT
Code: 62374

TF1 DELTA FILTER

Large volume filter for heating and hydronic cooling systems to protect key components from magnetic and non-magnetic particles.

Size: 2"
Code: 62227

FERNOX TF1 FILTER THERMAL COVERS

TF1 TOTAL FILTER THERMAL COVER

Thermal cover to maximize energy efficiency.

Code: 62349

TF1 OMEGA FILTER THERMAL COVER

Thermal cover for all TF1 Omega Filters all pipe size connections.

Code: 62350

TF1 DELTA FILTER THERMAL COVER

Thermal cover to maximize energy efficiency.

Code: 62231

FERNOX INSTALLER PACKS

TF1 OMEGA FILTER INSTALLER PACK WITH F1/F3 EXPRESS

Pack contains:

- 1 x TF1 Omega Filter
- 1 x Protector F1 13 fl oz
- 1 x Cleaner F3 13 fl oz
- pH strips x 4
- Express Inhibitor Test strips x 2

Size: 1" **Code:** 62743
Size: 1 1/4" **Code:** 62744
Size: 1 1/2" **Code:** 62745

TF1 OMEGA FILTER INSTALLER PACK WITH F1/F3 PINTS

Pack contains:

- 1 x TF1 Omega Filter
- 1 x Protector F1 1 pint
- 1 x Cleaner F3 1 pint
- pH strips x 4
- Express Inhibitor Test strips x 2

Size: 1" **Code:** 62746
Size: 1 1/4" **Code:** 62747
Size: 1 1/2" **Code:** 62748

FERNOX POWERFLUSHING

POWERFLUSHING MACHINE

The Powerflushing Machine uses a targeted, powerful fresh water flow to remove sludge, scale and debris quickly and thoroughly from existing and contaminated residential heating systems.

Code: 240190

FERNOX GLYCOL ANTIFREEZE PROTECTOR

ANTIFREEZE PROTECTOR ALPHI-11

FernoX Antifreeze Protector Alpha-11 is a combined glycol antifreeze and inhibitor. This product offers long-term protection against frost, internal corrosion and limescale in hydronic and chilled water systems, including geothermal systems.

ANTIFREEZE PROTECTOR ALPHI-11

			Product Code	Gallon Size	
Antifreeze Protector Alphi-11	Concentrate 100%		155738-0005	5 Gallon	
	Concentrate 100%		155738-0015	15 Gallon	
	Concentrate 100%		155738-0055	55 Gallon	
	Concentrate 100%		155738-0330	330 Gallon	
Antifreeze Protector Alphi-11	Premix 30%		174819-0005	5 Gallon	
	Premix 30%		174819-0015	15 Gallon	
	Premix 30%		174819-0055	55 Gallon	
	Premix 30%		174819-0330	330 Gallon

FERNOX HVAC COMMERCIAL PRODUCTS

SOLAR S1

An inhibited heat transfer fluid which is designed to protect all solar thermal heating systems at elevated temperatures. This product is effective both in the gaseous and liquid state at temperatures in excess of 356 °F (180 °C).

Size: 5 US Gallons
Code: 155727-0005

PROTECTOR F1

High performance, corrosion and limescale inhibitor for HVAC systems – 0.5% dose rate.

Size: 2.6 US Gallons
Treats: 528 US Gallons
Code: 62561
Size: 55 US Gallons
Treats: 2600 US Gallons
Code: 62606

CLEANER F3

Universal cleaner, removes sludge, flux, and debris in new and existing systems. Ideal for servicing and maintenance work.

Size: 2.6 US Gallons
Treats: 528 US Gallons
Code: 62562
Size: 55 US Gallons
Treats: 2600 US Gallons
Code: 59852

LEAK SEALER F4

Stops small leaks and pressure loss problems without the need for a drain down in HVAC systems – 0.5% dose rate.

Size: 2.6 US Gallons
Treats: 528 US Gallons
Code: 62563

PROTECTOR+ FILTER FLUID F9

Unique inhibitor package with dispersant lifts and delivers debris in the system to the filter while protecting against future corrosion and scale.

Size: 2.6 US Gallons
Treats: 528 US Gallons
Code: 62710

END THE **TOXIC** RELATIONSHIP

Many inhibited antifreezes come with health risks and hazard warnings.

Choose Fernox **Antifreeze Protector Alphi-11**:
the safer choice for lasting protection.

- Free of environmental/human health hazards
- Non-toxic formulation made with virgin MPG
- Protects against frost, corrosion, and limescale
- NSF HT1 certified

FERNOX
